

Table of Contents

Evaluation of the Content of Cd and Pb in the Extruded Products with the Addition of Broad Bean Post-fermentation Meal and Herbs	1
<i>Halina Staniek, Ewelina Król, Zbigniew Krejpcio, Małgorzata Gummienna and Małgorzata Lasik</i>	
Is Food Insecurity Associated with Weight Status in Saudi Women?	6
<i>Hala Hazam Al Otaibi</i>	
Bovine Beta Casein Variants: Implications to Human Nutrition and Health	11
<i>Andrew Clarke, Malav Trivedi</i>	
In-vitro Effect of <i>Acanthopanax senticosus</i> Polysaccharide on Cultured Blood Lymphocyte Proliferation and Signal Molecules in Pigs	18
<i>Jie Han, Lian quan Bian, Xian Jun Liu and Fei Zhang</i>	
The Safety of Food Supplemented in Iron with Sprouted in Abiotic Stress Legumes Seeds - Heavy Metal Pollution	23
<i>Magdalena Zielińska-Dawidziak, Dorota Piasecka-Kwiatkowska, Ewelina Król, Halina Staniek and Zbigniew Krejpcio</i>	
Precipitation of Aluminum in the Digestion Solution of Fried Bread Sticks by Mixed with Drinks: A Quantitative Analysis	28
<i>Zhong Wensi, Ren Ting and Zhao Lijiao</i>	
Control of Spoilage Microorganisms in Soybean Milk by Nipagin Complex Esters, Nisin, Sodium Dehydroacetate and Heat Treatment	35
<i>Xi-Lin Xu, Guang-Li Feng, Hong-Wei Liu, Xiaofeng Li</i>	
Food Analysis to Check Quality, Safety and Authenticity by Full-Automated ¹ H-NMR	40
<i>Markus Link, Manfred Spraul, Hartmut Schaefer, Fang Fang, Birk Schuetz</i>	
Detecting Bovine Tuberculosis (bTB) at an Exporter Slaughterhouse: Improving Food Security and Preserving Sovereignty	45
<i>Jose Amoril, Ervaldo Sena, and Laerte Baldani</i>	
Consumption of Mixed Spices and Herbs and General Well-Being Observed in Case Controlled Type 2 Diabetes Mellitus (T2DM)	49
<i>Tahir Mahmood, Muhammad Muzaffar Ali Khan Khattak, Nor Azwani Mohd Shukri, Hidayatul Hafidzah Zulkifli, and Siti Amirah Azam</i>	
Foaming Properties of Soy Protein Isolates and Concentrates	56
<i>Yi-Yuan Shao and Yu-Ju Kao</i>	

Prospects and Challenges in Promoting Organic Agriculture in the Upland Communities in the Philippines: Implications to Food Security and Nutrition	60
<i>Leila D. Landicho, Roselyn F. Paelmo, Rowena D. Cabahug, Roberto G. Visco and Maryanne G. Abadillos</i>	
Studies on Antioxidant Properties of Muffins Developed by Mango Dietary Fibre	66
<i>J.DAVID</i>	
Development of Vitamin-enriched Pasteurized Milk Incorporated with Carrot (<i>Daucus carota</i> L.) and Determination of Its Quality Parameters	70
<i>V.S. Jayamanne, P.G. Kumudumali, M.P.K. Jayarathna, and G.S.N. Fernando</i>	
Dietary Assessment on Selected Hypertensive Government Employees in the Southeast Coast Province of the Philippines: A Case Study Series	75
<i>Juvy Lyn P. Torreno</i>	
The Using of Ionic Gelation Method Based on Polysaccharides for Encapsulating the Macromolecules– A Review	79
<i>Sri Usmiati, Nur Richana, Djumali Mangunwidjaja, Erliza Noor, and Endang Prangdimurti</i>	
Barriers Hindering the Development and Implementation of Verification Programmes at Some Selected Pineapple Juice Processing Companies in Ghana	85
<i>Nina Bernice Ackah, Geoffrey Hagelaar, Klementina Krum Kirezjeva, Margaret Ottah Atikpo and Anthonia H. Andoh</i>	
Nutritional Status of Rural Pregnant Women in Beed District of Maharashtrastate of India	92
<i>Dr. Maya Khandat</i>	
Biochemical Changes of Salt-Fermented Tuna Viscera (<i>Dayok</i>) and Its Effect on Histamine Content During Fermentation	97
<i>Jesebel R. Besas and Erlinda I. Dizon</i>	
The Unique Composition of a2® Branded Products and Associated Quality Systems	103
<i>Dandan Chen</i>	
Antimicrobial Activity of Corncob Liquid Smoke and its Application to Smoked Milkfish (<i>Chanos chanos</i> Forsk) Using Electric and Mechanical Oven	109
<i>Fronthea Swastawati, Herry Boesono S and Dian Wijayanto</i>	
Consumer Knowledge and Attitudes towards Food Traceability: A Comparison between the European Union, China and North America	114
<i>Francesca Valeria Hansstein</i>	
A Preliminary Introduction to the Phylogeny of Opiine Parasitoids (Braconidae: Opiinae) with Larvae of Fruit flies, <i>Bactrocera</i> spp.(Tephritidae: Dacinae) Based	119

on Four Molecular Data

Salmah Yaakop, Safiah Shariff, Nurul Jannah Ibrahim, Ameyra Aman Zuki and Badrul Munir Md. Zain
