Popular Science 1997-10 this textbook presents a comprehensive treatment of the legal arrangement of the corporation the instruments and institutions through which capital can be raised the management of the flow of funds through the individual firm and the methods of dividing the risks and returns among the various contributors of funds now in its third edition the book covers a wide range of topics in corporate finance from time
series modeling and regression analysis to multi factor risk models and the capital asset pricing model. Guerard, Gul Tekin, and Saxena build significantly on the first edition of the text but retain the core chapters on cornerstone topics such as mergers and acquisitions, regulatory environments, bankruptcy, and various other foundational concepts of corporate finance. New to the third edition are examinations of APT portfolio selection and time series modeling and forecasting through SAS, SCCA, and Oxmetrics programming. FactSet fundamental data templates. This is intended to be a graduate level textbook and could be used as a primary text in upper-level MBA and financial engineering courses as well as a supplementary text for graduate courses in financial data analysis and financial investments.

*Option* 2016/4/NO.207(PDF) 2016-09-01: Laurie Gelman's clever debut novel about a year in the life of a kindergarten class mom. A brilliant send-up of the petty and surprisingly cutthroat terrain of parent politics. Jen Dixon is not your typical Kansas City kindergarten class mom or mom in general. Jen already has two college-age daughters by two different music professors and it's her second time around the class mom block with five-year-old Max this time with a husband and father by her side though her best friend and PTA president sees her as the wisest candidate for the job or oldest not all of the other parents agree from recording parents' response times to her emails about helping in the classroom to requesting contributions of special brownies for curriculum night. Not all of Jen's methods win approval from the other moms. Not all of Jen's methods win approval from the other moms. Jen is a hyper-sensitive allergy mom. A surprisingly sexy kindergarten teacher. An impossible to please real housewife wannabe causing problems at every turn. The job really becomes much more than she signed up for. Relatable. Irreverent. Hilarious. In the spirit of Maria Semple's class mom is a fresh welcome voice in fiction. The kind of novel that real moms clamor for and a vicarious thrill read for all mothers who will be laughing as they are liberated by Gelman's acerbic truths.

*Popular Mechanics* 1995-09 on a normal Wednesday afternoon judge Scott Sampson is preparing to pick up his six-year-old twins for their weekly swim when his wife Alison texts him to take them to the doctor instead. Scott heads home early but when Alison arrives back later she is alone no Sam no Emma and denies any knowledge of the text. The phone then rings an anonymous voice tells them that the judge must do exactly what he is told in an upcoming drug case. Most importantly, they must say nothing. So begins this powerful tense breakout thriller about a close knit young family plunged into unimaginable horror. As a twisting game of cat and mouse ensues they know that one false move could lose them their children for ever. Hugely suspenseful with its fascinating insight into the US judicial system and its politics of influence and nepotism. Say Nothing is above all the poignant story of the terror these parents face and their stop at nothing compulsion to get their children back.

*Popular Mechanics* 1999-12: The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership, and many other personal finance topics.

*Cincinnati Magazine* 1998-12: The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership, and many other personal finance topics.
