**History of American Journalism** 1917 breaking through barriers is a collection of events centered around the good fortunes and the struggles that the author has experienced the author relives many of life’s trials battles and some happy times that result through the impact of decision making life can be joyful and engaging but sometimes can be fearful and demanding but no matter what life throws at us we sometimes must break through the barriers of different forms of dysfunction long suffering bad judgement and a host of other negative struggles that may imprison our minds immobilize our bodies and harden our hearts to successfully uncover all of life’s pleasures that the author believes we are destined to experience the author often mentions her christian faith and how believing in god may not be a reality for some but has drawn her own conclusions from the most printed book ever published the holy bible the holy bible speaks of a savior called jesus christ who broke through so many barriers to save mankind the author feels so deeply about her beliefs she wanted to capture the essence of the message of the cross on her book cover the author wanted to express to her readers that like jesus we all have a cross to bear in life and whatever struggles you face to bear that cross you must to win and succeed in life the author’s faith in god has helped her conquer a large portion of her challenges and many barriers faced faith enabled her present understanding that god is love and love conquers all if you love yourself and you love others as you do yourself no matter the size shape color nationality the majority of life’s battles are mostly won sometimes we fight against each other because we have no compassion or love for someone who does not look like us or share our same beliefs somehow we must strive to get past the outer image the physical and look with our hearts spiritually to find that unconditional love that conquers all the author thinks the world would be a much better place to live if we changed our hearts and our interactions with all people to improve the human race

**A March of Liberty: From 1898 to the present** 2011 the global age is distinguished by disobedience from the protests in tiananmen square to the fall of the berlin wall to the anti g8 and anti wto demonstrations in this book raffaele laudani offers a systematic review of how disobedience has been conceptualised supported and criticised throughout history laudani documents the appearance of disobedience in the political lexicon from ancient times to the present and explains the word’s manifestations showing how its semantic wealth transcended its liberal interpretations in the 1960s and 1970s disobedience laudani finds is not merely an alternative to revolution and rebellion but a different way of conceiving radical politics one based on withdrawal of consent and defection in relation to the established order

**Don't Wound What You Can't Kill** 2010-02-25 in fettered genius keith d leonard identifies how african american poets use and revision of traditional poetics constituted an antiracist political agency comparing this practice to the use of poetic mastery by the ancient celtic bards to resist british imperialism leonard shows how traditional poetics enable african american poets to insert racial experience racial protest and african american culture into public discourse by making them features of validated artistic expression as with the celtic bards these poets artistry testified to their marginalized people s capacity for imagination and reason within and against the terms of the dominant culture in an ambitious survey that moves from slavery to the cultural nationalism of the 1960s leonard examines numerous poets placing each in the context of his or her time to demonstrate the antiracist meaning of their accomplishments the book offers new insight on the conservatism of phillis wheatley paul laurence dunbar and the genteel members of the harlem renaissance how their rage for assimilation functioned to refute racist notions of difference and paradoxically to affirm a distinctive racial experience as valid material for poetry leonard also demonstrates how the more progressive and ethnically distinctive poetics of langston hughes sterling brown gwendolyn brooks robert hayden and melvin b tolson share some of the same ambivalence about cultural achievement as those of the earlier poets they also have in common the self conscious pursuit of an affirmation of the african american self through the substitution of african american vernacular language and cultural forms for traditional poetic themes and forms the evolution of these poetics parallels the emergence of notions of ethnic identity over racial identity and indeed in some ways even motivated this shift leonard recognizes poetic mastery as the african american bardic poet s most powerful claim of ethnic tradition and of social belonging and clarifies the full hybrid complexity of african american identity that makes possible this political self assertion the development that is traced in fettered genius illustrates nothing less than the defining artistic coherence and political significance of the african american poetic tradition
