how can you build sturdy platonic solids that will hold together through to the last gluing the templates in this
book were designed to answer that question you can build the solids directly from the templates or use them as a
model to create the solids out of colored paper cardboard or paper you have colored or painted yourself the completed
solids made from the templates are about 1.6 inches 4cm high and you can also follow the instructions to build larger
solids each template is included in the book three times allowing you to practice or build them along with your
friends includes 3x5 black and white templates for building platonic solids and instructions and clear step by step
