**Preschool Reading & Math educators have long known that many students rely on their sense of sight to take in information whereas children see information rather than just hear it they are more likely to understand and remember what is being taught these students are called visual learners many children fall into this category especially those that are dyslexic or those that have an auditoryprocessing disorder and visual learners often have a difficult time memorizing the multiplication facts they understand the concept of multiplication but are unable to easily remember the times tables** this book offers a different approach just the facts teaches the multiplication facts in a visual manner in order to provide a framework for the child to remember the math fact division is also addressed along with many memory cues

**Just the Facts! Workbook isbn 978 0983199618** color interior isbn 978 1697401103 black and white interior just the facts workbook 3 is perfect for students who have mastered addition and subtraction and are ready to learn multiplication division and many other math related topics that include these operations this workbook 8 x 11 has 45 lessons 247 pages that like our reading programs easily walks you through teaching your student math it is cumulative with repetition it also utilizes pictures whenever possible to illustrate a concept each lesson is done with the student side by side followed by 1 to 3 pages of independent work what makes this math curriculum different than others is that it repeats older material so concepts are not forgotten it is also different in that it is designed specifically for visual learners utilizing many visual aids this curriculum is in line with common core for third grade the grade in which teachers and parents often start to notice their students struggle with math especially the students who have struggled with reading and or may have memory difficulties

**Just the Facts! Workbook this book is designed for preschool teachers to challenge more able preschool students fully copyable printable and downloadable**
