Sociology of north american sport

Now in its eleventh edition, sociology of north american sport offers a compact yet comprehensive and integrated perspective on sport in north american society, bringing a unique viewpoint to the subject. George H. Sage, D. Stanley Eitzen, and Becky Beal analyze and demythologize sport, promoting an understanding of how a sociological perspective differs from commonsense perceptions about sport and society. Helping students to understand sport in a new way, this book covers a wide range of topics, including how sport is embedded in the social, political, and economic structures of American society, how the sporting experience is shaped by powerful individuals as well as ordinary people, and how sport both unifies and segregates social classes, racial and ethnic groups, and competing political loyalties. Sports in American history from colonization to globalization third edition with hkp propel access helps students grasp the compelling evolution of American sporting practices. This text examines sports history as a social and cultural phenomenon, generating a better understanding of current practices in sport and considering future developments in American sport. This comprehensive resource explores sport through various historical periods, including premodern America, colonial times, and the modern era. Sports in American history third edition features critical new content that will provide a framework for understanding how and why sport intersects with many facets of American society. The examination of how women, racial minorities, and ethnic and religious groups have influenced U.S. sporting culture, highlights of contemporary issues affecting sport in the twenty-first century, including the COVID-19 pandemic, social justice movements, changes in name, image, and likeness policy, and sports technology reorganized content about sport experiences in early America that highlight the most influential moments, updated people and places features, and international perspective sidebars that introduce key figures in sports history to provide a global understanding of sport full length articles from the scholarly journal sport history review delivered online through hkp propel that supplement the article excerpts and associated discussion questions found in the text. Sports in American history third edition is unique in its level of detail, broad time frame, and focus on the evolving definitions of physical activity and games. Primary documents including newspaper excerpts, illustrations, photographs, historical writings, quotations, and posters provide firsthand accounts that will not only inform and fascinate students but also provide a well-rounded perspective on the historical development of American sport. Time lines of major milestones in sport and society provide context in each chapter, and an extensive bibliography features primary and secondary sources in American sports history. A starting point into the intriguing field of sports history, this book will help students better understand the complexities of sport in the American experience and grasp how cultural factors and historical events have shaped sport differently in the United States than in other parts of the world. Note: A code for accessing hkp propel is not included with this ebook but may be purchased separately. The editors use the unique lens of the history of sports to examine ethnic experiences in North America since 1840. Comprised of 12 original essays, this collection of essays explores the relationship between sport and national identities within the context of globalization in the modern era. The informative text focuses on the role of sport in U.S. and Canadian societies, the approach is sociological, analytical, and critical, a companion to American sport history presents an acollection of original essays that represent the first comprehensive analysis of scholarship relating to the growing field of American sport history. The first complete analysis of the scholarship relating to the academic history of American sport, features contributions from many of the finest scholars working in the field. The book includes coverage of the chronology of sports from colonial times to the present day, including major sports such as baseball, football, basketball, boxing, golf, motor racing, tennis, and track, and addresses the relationship of sports to urbanization, technology, gender, race, social class, and genres such as sports biography. Awarded 2015 Best Anthology from the North American Society for Sport History, this resource covers every aspect of sports, including major figures, events, awards, venues, and organizations. This book highlights inconsistencies within the field of sports scholarship and provides an opportunity to open up and extend conversations about the intersection of sports media and race.

This edition adds numerous sidebars that examine subjects such as the black sox scandal, the worldwide influence of Jack Johnson, the significance of softball for lesbian athletes, and the influence of the point spread on sports gambling. Insightful, thorough, and highly readable, the new edition of American sports remains the finest available introduction to the myriad ways in which sports have reinforced or challenged the values and behaviors of Americans as well as the structure of American society. The spring issue of each year includes the program of the society’s annual convention each topic in this text is covered by both secondary readings and a wide variety of primary source documents including legal decisions, diary entries, newspaper reports, literary accounts, government hearings, and advertisements for athletic equipment provides practical help for the day-to-day concerns that keep managers awake at night. This book aims to fill the gap between the legal and policy issues that are the mainstay of human resources and supervision courses and the real-world needs of managers as they attempt to cope with the human side of their jobs. International sport management is the first comprehensive textbook devoted to the organization, governance, business activities, and cross-cultural context of modern sport on an international level as the sport industry continues its global expansion. This textbook serves as an invaluable guide for readers as they build careers that require an international understanding of the relationships between influences and responsibilities in sport management through a systematic presentation of topics and issues in international sport. This textbook offers a long overdue guide for students in this burgeoning subfield in sport management. Editors Li Macintosh and Bravo have assembled contributors from all corners of the globe to present a truly international perspective on the topic with attention to diversity and multiple viewpoints. Each chapter is authored by distinguished academics and practitioners in the field. A foreword by esteemed sport management scholar Dr. Earle Zeigler emphasizes the importance of a dedicated study of the issues in international sport management. All chapters in the text use a global perspective to better showcase how international sport operates in various geopolitical environments and cultures. The text is arranged in five parts each serving a unique purpose to outline the issues associated with international sport management. To examine sport using a unique perspective that emphasizes its status as a global industry to introduce the structure of governance in international sport to examine the management essentials in international sport to apply these strategies in the business segments of sport marketing, sport media, and information technology. Sport facilities and design, sport event management, and sport tourism. Written to engage students and future sport managers can develop an increased understanding of the range of intercultural competencies necessary for success in the field using a framework of strategic and total quality management. The text allows readers to examine global issues from an ethical perspective and uncover solutions to complex challenges that sport managers face with this approach readers will learn how to combine business practices with knowledge in international sport to lead their current and future careers. International sport management offers readers a multifaceted view of the issues challenges and opportunities in international sport management as well as the major functional areas that govern international sport. The text provides students, academics, and practitioners with critical insights into the practice of business as it applies to international sport. Jerrold Casway coined the phrase the emerald age of baseball to describe the 1890s when so many Irish names dominated teams.

Perceptions of East Asian and Asian North American Athletics 2001 The Oxford Handbook of American Sports Law takes the reader through the most important controversies and critical developments in law and U.S. sports over the course of 30 chapters. Leading scholars explore this expanding and captivating area of law. The handbook is the first book to gather dozens of perspectives on sports law controversies in the United States and will be of interest to those who study and practice sports law as well as journalists, broadcasters, and legally minded sports fans. The Oxford Handbook of American Sports Law incorporates analysis of key historical events in sports law such as the rise of free agency in professional sports and the concept of amateurism for college athletes and their broader context. Contemporary legal controversies in U.S. sports and their accompanying questions are also of central importance in a sensible legal system. How would long-term neurological injuries from contact sports be addressed? How would the use of racially insensitive team names be resolved? How would a seemingly trivial dispute over air pressure in footballs be studied? The competing perspectives of players, teams, and leagues are included. The Oxford Handbook of American Sports Law weighs not just the facts but how courts and lawmakers ought to consider the most important questions at stake. The essays in this volume also canvass the types of legal controversies in sports likely to surface in the future. This is particularly true of law and technology matters including those related to broadcasting and streaming. Legal doctrine has been and will continue to be forced to adapt to these developments. The handbook both forecasts and addresses how would the use of racially insensitive team names be resolved? How would a seemingly trivial dispute over air pressure in footballs be studied? The competing perspectives of players, teams, and leagues are included. The Oxford Handbook of American Sports Law weighs not just the facts but how courts and lawmakers ought to consider the most important questions at stake.
