Pop quiz plus more than one hundred brand new sadly real hilariously wrong and sometimes admirably creative student answers. Q: What is the role of a catalyst in a chemical reaction? A: It lists the cats involved, also including bonus trivia in the form of stuff they should have taught us in school. Facts: Did you know a sneeze can travel up to 100 mph? This collection will amuse anyone facing down a test as well as those happy to have the classroom behind them in a lively style. This text shows how anyone can improve their chances of exam success by following a few simple rules. It contains tips for exam preparation and for improving performance in the exam itself. I hate exams, you hate exams, we all hate exams but they don't have to be easy if you could take your course notes into the examination room with you right well I found a way to do that and now you can too! It's probably the closest thing to cheating without actually cheating. Better still, this book is: 1. Short: just 50 pages and can be read in 30-60 minutes. 2. Flexible: you can use the techniques for any subject at any level. 3. On your side: written by a student, not a teacher or academic. So, if you're feeling lazy, slack, overwhelmed or you've left things to last minute panic get this book and sail through your exams without really trying. Boost your grades right to the top or reduce your revision time to the absolute minimum but still be confident of a pass. It's your choice. Is this book for me? See if you recognize your situation in one of these characters: 1. David: age 15, getting ok grades in 6 GCSE subjects and ES in two subjects. He hates being leaned on by his parents to achieve more. 2. Julie: age 18, muddled through GCSEs and AS, now struggling in her first year at uni. She enjoys uni life but bordering on failing Year 1 and having to leave 5 weeks away from her exams and looking for a panic button. 3. Louise: age 23, left uni with a 2:2 after enjoying the social life much more than her studies. She got onto a graduate training scheme with a major bank now has to take 3 years of bank exams on top of a 50 hour week. 4. Mike: age 38, left the army 3 years ago and got a job in private security. Needs to retake 3 GCSEs to get into the police force. Needs a way to cram study in between work and family life. Sound familiar? Ok, here's the double epic deal. I think that's what young folk say nowadays. I wrote this book because I also hated all the other exam study guides. They all want to make you enjoy life, long learning, or develop your study skills. Whoa man, I just wanted to survive my exams and get on with my life. So, if you feel the same way, this is the book for you. NB: This book was written from experience of the UK examination system. If you are not from the UK, please check rules and regulations with your tutors before using any of the advice contained in this book. Practice exams are published in a five-volume set with each volume containing eight 120-question exams for a total of 960 questions. The entire five-volume set has forty exams and a total of 4,800 questions. Each exam has an answer key followed by the exam with the answers shown including the formulas used to derive the numeric answers. The question formats and topic weights are similar to the actual ASVAB exam. The questions were transformed from the study material in the CFA Institute Program Curriculum available from the CFA Institute. The practice exams are designed to complement the CFA program curriculum and to facilitate the learning process. They are not to be used as a substitute for study of the prescribed curriculum.
