Real simple solutions tricks wisdom and easy ideas to simplify every day (2023)

1 give the cube's top layer a single clockwise turn - start from an already solved cube as they usually are when they come out of the package or one that is already mixed up.

1 2 spin the right layer 2 times clockwise when solving a Rubik's cube - the directions right left front back are relative to how you hold the cube.

These simple math tricks can help you perform calculations more quickly and easily - they also come in handy if you want to impress your teacher, parents, or friends.

01 of 10 multiplying by 6 - if you multiply 6 by an even number the answer will end with the same digit as the number in the ten's place will be half of the number in the one's place.
