Residence of Companies Under Tax Treaties and EC Law 2009

Tax authorities in several countries have intensified their surveillance of intercompany transfer pricing in recent years. This paper examines the legislative and administrative issues related to the treatment of intercompany transfer pricing for tax purposes. It reviews the existing international guidelines and national rules on methods for determining appropriate transfer prices as well as the issues related to tax administration practices for the implementation of those rules. Various systems proposed or introduced to improve the predictability of taxation are also examined. This paper further reviews the recent discussions on the commensurate with income standard and the pricing methodologies proposed thereunder. It finally reviews some alternative approaches to international income allocation which are proposed or adopted in lieu of the transfer pricing approach.
