The Holy Bible … Arranged in Paragraphs … by James Nourse 2007-06 you will love the stories of how god finally got his attention as he went through encounters with wild animals was struck by lightning went through killer tornadoes had many encounters with snakes in the wild etc he eventually was used by god in many ways which he shares with us as he and his wife ministered to other people’s children through scouting foster parenting adopting abused children and in church ministry he eventually was led to peace and because of his path to it he could use his experiences during his earlier life to minister to others that were hurting as he had been in the later years as god proved time and again of his love for larry god was able to utilize all of these stories through the different ministries to inmates in jails hitch hikers along the hi ways answering phones with the billy graham telephone ministry and as he worked to slow down the cultural deterioration of our nation if you or someone that you know has had a similar background of growing up under abuse rejection and
anger then as you read of larry s stories you can see how god was able to change him and if you apply those things he was shown you too can find peace you will laugh and cry as you see the struggles that he went through this book is worth the price just for the humor but it is priceless for the life lessons that he shares with us may you also find peace

Found 2010-06 during the past century an enormous effervescence of events changed the sociopolitical configuration of the world the interpretation of these facts helped further deepen the crisis in which modern thought already found itself and it generated the uncertain and unstable environment in which we live today the so called postmodernity late modernity or hypermodernity in this context one of the most profound impacts is most certainly the one on religion during the twentieth century religion proved not to be banished from the human horizon as the masters of suspicion intended known as the godless century the twentieth century saw also a resuscitation of the search for the sense of life and spirituality with the crisis of modern reason humankind turned toward consumerism and provisional and light practices the last century represents not only the height of the postmodernization process but also the rescue of the transcendent and absolute even if it is an absolute without face and identity it is in this scenario that religious experiences apparently exiled by modern rationality begin to occur and multiply again mystical experiences will be then the basis for highlighting recurrent characteristics with universal import but they will show a different configuration than before one will be able to find them not in so called sacred spaces but in very secular ones not so much within institutions but at the borders or even outside them not configured by a specific tradition but in an interface that makes more than one tradition meet and dialogue
