A Digest of English Civil Law ... 2009

excerpt from a digest of the New York Code of Civil Procedure being a synopsis of the chapters of the code relating to general practice in a concise and readable form. The first edition of this work met with a very favorable reception by the law students of New York State. Many unsought testimonials have been received testifying to its value both in explaining difficult passages of the code to the student unfamiliar with the technical language of the law and in bringing together in their proper order and in a concise form all sections relating to the same subject but widely separated in the code. A great deal of time and thought has been expended upon this work, and it is needless to state that its value depends inversely upon its size. The aim has been not to make a substitute for the code but to make a reference book to go with the code which will show at a glance all of the provisions relating to any subject. About the publisher: Forgotten Books publishes hundreds of thousands of rare and classic books find
