what exactly is involved in using particular case histories to think systematically about social psychological and historical processes can one move from a textured particularity like that in freud s famous cases to a level of reliable generality in this book forrester teases out the meanings of the psychoanalytic case how to characterize it and account for it as a particular kind of writing in so doing he moves from psychoanalysis to the law and medicine to philosophy and the constituents of science freud and foucault jostle here with thomas kuhn ian hacking and robert stoller and einstein and freud s connection emerges as a case study of two icons in the general category of the jewish intellectual while forrester was particularly concerned with analysing the style of reasoning that was
dominant in psychoanalysis and related disciplines his path breaking account of thinking in cases will be of great interest to scholars students and professionals across a wide range of disciplines from history law and the social sciences to medicine clinical practice and the therapies of the world
