Perhaps it is a cliche that a politician thinks of the next election and a statesman of the next generation. Yet my grandfather found merit in the maxim he had known leaders he esteemed as the greatest of statesmen. Churchill however was the leader he admired above all in hundreds of studies of Churchill no one else remarkably enough has focused on Churchill’s predictions and prophecies. James Humes has produced a book that is unique as well as necessary for an understanding of statesmanship. David Eisenhower, author and senior fellow at the Foreign Policy Research Institute.

whether you are branding your company, your product, your service, or yourself, learn to boost the power of your story and convey a compelling message in any setting by incorporating villains, victims, and heroes. Compelling stories exalt, motivate, and acculturate every worker in an enterprise. They also attract customers and media alike. Imagine an elderly man snowed in unable to shop for groceries until a supermarket comes to the rescue and delivers his food. The story of this company going out of its way to help a customer in need will resonate not only with consumers but also with employees. This book explains not just how to tell a captivating story but also what elements it should include in the first place. This approach is based on the notion that in business messaging, the villains may just be your best friends—the villains are simply any problems that cause pain, discomfort, or extra expense for customers who are in effect the victims. As for the heroes, they are best illustrated by the supermarket going beyond expectations. Who in business wouldn't want to emulate that company? If your products and services offer real solutions to customers' predicaments, there is nothing more powerful than communicating that message and making sure your potential customers remember it.

less and earn more money. Discover the secret making money as a fitness professional offers an insight which will aid fitness professionals in creating a system that enables you to learn how to manage your money, how to invest that money, and how to make it work for you instead of you working for money. This book covers many aspects of the business of personal trainers ranging from how to change your behaviour about money, your money personality, how to design an effective system so that you can earn money even when you are not working, and it also explores the benefits of becoming financially literate. It covers how to set up your price and present it effectively, determine how many sessions you need to sell in order to stay in business, how much income tax do you pay as well as national insurance contribution and much more.

Discover the Secret: Making Money as a Fitness Professional 2011-11-28 is an indispensable and provocative guide through the thicket of today’s most challenging constitutional controversies by some of the most eminent judges of their time. It offers an invaluable peek behind the curtain of judicial decision-making. David Cole, professor of law at Georgetown University, presents the embattled constitution in the fourth collection of the James Madison Lectures delivered at the NYU School of Law. Offering thoughtful examinations of an array of topics on civil liberties by a distinguished group of federal judges including Justice Stephen Breyer of the US Supreme Court, the result is a fascinating look into the minds of the judges who interpret, apply, and give meaning to our embattled constitution. In these insightful and incisive essays, the authors bring to bear decades of experience to explore wide-ranging issues. The authors also discuss how and why the constitution came to be embattled, shining a spotlight on the current polarization in both the Supreme Court and the
