*Create and Define your Brand 2020-05-05*

defining your brand i have to admit this is a really boring headline it's been used so often that probably no one even reads articles with headlines like this i hope in this case that is not true because i'm going to give away some great ways to help your business define your brand and marketing strategy so you can be more relevant to today's consumer i've been working with companies for over 30 years developing marketing plans
advertising messaging and helping them define their brand believe me it’s not as easy as you think because a brand is not what you think it is it’s what everyone else especially your stakeholders believes it is most company owners define what their brand is or what they the owners think it should be then they communicate this to their employees and probably never really know if their perception is in fact reality in actuality the owner’s vision is probably wrong more often than not
