*Atlas of Imagined Places* 2021-09-28 

Winner Edward Stanford travel writing awards 2022 illustrated travel book of the year. Highly commended British cartographic society awards 2022 from Stephen King's Salem's Lot to the superhero land of Wakanda from Lilliput of Gulliver's Travels to Springfield in the Simpsons, this is a wondrous atlas of imagined places around the world locations from film, TV, literature, myths, comics, and video games. Plotted in a series of beautiful vintage looking maps the maps feature fictional buildings, towns, cities, and countries plus mountains and rivers, oceans, and seas ever wondered where the Bates Motel was based or Bedford Falls in it's a wonderful life? The authors have taken years to research the likely geography of thousands of popular culture locations that have become almost real to us. Sometimes these are easy to work out but other times a bit of detective work is needed and the authors have been those detectives by looking at the maps you'll find that the revolution at Animal Farm happened next to Winnie the Pooh's home. Each location has an an extended index entry plus coordinates so you can find it on the maps. Illuminating essays accompanying the maps give a great insight into the stories behind the imaginary places from Harry Potter's wizardry to Stone Age Bedrock in the Flintstones. A stunning map collection of invented geography and topography drawn from the world's imagination. Fascinating and beautiful, this is an essential book for any popular culture fan and map enthusiast.

*Learning Curves* 2009-07-09

Adolescence is a time of growth, change, and confusion for young women during this transition from childhood to adulthood, sex and gender roles become more important. Meanwhile, depictions of females from the hyper-sexualized girls of music videos to the chaste repression of purity balls send mixed messages to young women about their bodies and their sexuality. Over the last several decades, authors of young adult novels have been challenged to reflect this concern in their work and have responded with varying degrees of success. In Learning Curves, body image and female sexuality in young adult literature, Beth Younger examines how cultural assumptions and social constraints are reinforced and complicated through common representations of young women. Each chapter analyzes a recurrent theme in the history of young adult literature, including issues of body image, pregnancy, abortion, lesbianism, and romance by examining selected novels for their sexual content situating them within their social and historical context and analyzing their discursive qualities. The author reveals the multitude of complex ways that society depicts teenagers and their sexualities and offers a critique of patriarchal culture that gives value to the female experience.

*Managing Capital Flows in East Asia* 1996-01-01

Analyzes the deficiencies of the budget system and recommends ways of improving fiscal management so that it meets the requirements of a decentralized market-based economy. The structural transformation of the Russian economy since 1992 has been accompanied by major changes in the country's fiscal picture ranging from massive reductions in government spending through the introduction of noninflationary treasury bill financing to fiscal decentralization. This report analyzes the deficiencies of the budget system and recommends ways of improving fiscal management so that it meets the requirements of a decentralized market-based economy. The study focuses on two crucial and interrelated features of fiscal management that determine the outcome of fiscal policy and the allocative efficiency of government resources: intergovernmental fiscal relations and the structural technical and institutional aspects of the budget system.

*Understanding and Tackling Obesity* 2020-10-07

From an early age, children are bombarded by the media with messages promoting foods high in saturated fats, sugars, and salt. One of the greatest changes for children in the last 50 years is the decrease in exercise and the increase in screen time. This programme is not about dieting or weight control; instead, it has been designed to be realistic and non-discriminatory. Aiming to enable children from an early age to recognize and resist unhealthy pressures, maintain body esteem, and know how to make skilled choices that will ensure their health and wellbeing, we shift the focus from fat and weight to healthy choices leading to nutritional health and fitness. We sacrifice nothing and gain an approach that enhances the wellbeing of all. The 12 sessions cover topics including what to eat, how to understand food labels, media messages, get moving, and TV turnoff. There are full facilitator notes with all the necessary resources to run an interactive programme that will engage children supporting the class activities. To keep parents aware of what is being covered in the programme, and as well as a weekly log where children record trying new foods and physical activities, the book contains background information about the increase in obesity, the effect of media messages as well as the philosophy and approach taken in the programme. The package includes a CD-ROM which has all the copiable resources and
