earliest christian interpreters of the gospels did not understand their works to be sectarian documents rather the wider context of jesus literature in
the second and third centuries points toward the broader christian practice of writing and disseminating literary presentations of jesus and jesus
traditions as widely as possible smith addresses the difficulty in reconstructing the various gospel communities that might lie behind the gospel texts
and suggests that the all nations motif present in all four of the canonical gospels suggests an ideal secondary audience beyond those who could be
identified as christian closely examines john s portrayal of women in relation to discipleship and the theme of new creation arguing that these
depictions are influenced by his apocalyptic world view by employing historical and literary methods of biblical interpretation to analyse john s
presentation of women and gender miller explores the extent to which john gives any indications of the female role in both john s community and
the beginnings of the christian faith beginning with the virgin mary s portrayal at the wedding at cana where she prompts jesus to carry out his
first sign miller then thoroughly asses several crucial female characters in john to stress how jesus female followers truly recognise him as the
messiah these include the samaritan woman martha and mary of bethany and mary magdalene and her encounter with jesus in the garden crucially
miller suggests that john s frequent use of woman links these female followers particular jesus venerated mother with the figure of eve in genesis
and she concludes that women are associated with the hour of jesus when he casts out the ruler of the world and inaugurates the new creation

The title seems to be missing from the provided text. However, based on the context, it appears to discuss the life of John the Baptist and his role in Christianity, particularly in the context of the book "Salt and Light: The Complete Jesus," which is described as a comprehensive and powerful book about the historical Jesus.

The text mentions that over a century, New Testament scholars have explored the issue of possible antisemitism in Luke's Acts, especially because the author apparently blames the Jews for the death of Jesus. The monograph offers a fresh analysis of this question, revealing a different emphasis that among the Jews only those associated with Jerusalem, especially the Sanhedrin, are responsible for Jesus' death. Luke's Israel is in fact divided in response to Jesus, not monolithically opposed to him. Furthermore, the ascription of responsibility to the people of Jerusalem in Acts is widely regarded as a Lukan creation, but the author suggests that it is more likely to have been based on sources independent of the Synoptics.

The text also touches on the broader context of Jesus' life, death, and resurrection, discussing the confusion surrounding Jesus and the various perspectives on his existence, identity, and miracles. It emphasizes the importance of clear direction for godly living, even in a world with moral decay, and highlights the role of the Psalms in teaching and cultivating holiness.

The author explores Psalms to provide a perspective on the nature of holiness and the many important ways we can grow in holiness. The Psalter serves as an invaluable guide for spiritual formation as followers of Christ.
the hole in our holiness paperback edition filling the gap between gospel passion and the pursuit of godliness

Jesus Christ collection of texts published previously from hit songs to bumper stickers to eye black Jesus is trending high wherever you look but at the end of the day many try Jesus and come away disappointed in the experience that's because the Jesus of popular culture looks much more like us than the God man who appeared in the flesh two thousand years ago. We've got guru Jesus, Braveheart Jesus, Dr. Phil Jesus, Free Range Jesus, and plenty more imitators that feed into our selfish desires. The problem is they don't have the power to save us or transform us into new creations. Luckily it doesn't have to be that way. The original Jesus calls readers back to the Jesus who demands our worship. The Potter who molds us the clay seekers, skeptics, and sojourners in the way of faith will see Jesus for who he really is: God in the flesh. Calling us to surrender our very lives that we may truly live.

Foreword by Russell Moore.

This thorough manual for advanced students and their supervisors and anyone researching or writing on the Gospel of Mark is the opening volume in an important new series of guides to advanced biblical research. Together with an essay on the current state of research and a discussion of the future of Markan study, it provides a chrestomathy of samples of Markan research together with a review of recent dissertations and a full annotated bibliography in the fourth gospel and the scriptures. Bynum presents new insights from ancient biblical manuscripts 4Q12i and the minor prophets' scroll that help unlock the mystery of John's unique form of Scriptural citation.

The Passion and Resurrection of Jesus the Christ is a gospel harmony and exposition of the four gospels from two days before Christ's final Passover celebration through his ascension into heaven. The gospel harmony is in the form of a combined narrative using my translations of the four gospels. The harmony combines Matthew 26:1-28:20, Mark 14:1-16:20, Luke 22:1-24:53, and John 12:1-21:25 into a continuous chronologically arranged narrative of the events and discourses. The exposition is based on my published commentaries on Matthew, Mark, and John, plus Luke's contribution to the gospel narratives. Presenting a detailed explanation of the scriptures in the harmony combining the scriptures into a continuous narrative at once reveals the agreement of the gospels. The authenticity, accuracy, and credibility of the four reports of the life of Christ is demonstrated. Many issues are resolved and insights gained among these are the Passover problem in John 18:28, Peter's two sets of three denials, and Christ's two scourgings by Pilate. Mark 16:9-20 is shown to harmonize with the reports of the other gospels. The problem of the supper at Bethany reported on different days by John and the synoptics is resolved. A discussion of the relationship between ancient and modern days and dates precede the harmony, and two appendices discuss Peter's denials and Mark's ending. The harmony and exposition are structured in a day by day format from Nisan 13 to Iyar 27 (April 1 to May 17 AD 33). Every event and every discourse is included in the harmony and explained in the exposition. The Bible student will gain a new appreciation of the person and work of Jesus the Christ starting from the seminal work of the French scholar Annie Jaubert on the date of the Last Supper. The present work revisits known and identifies new calendrical issues in the literature of Second Temple Judaism. The research supports the conclusion that all known calendrical traditions functioned on the tenet that orthopraxis in ancient Judaism meant close interconnection between cultic and agricultural cycles. From this perspective, the book removes the calendar from its pedestal, filling the gap between gospel passion and the pursuit of godliness.

means for mark to depict him as such than past scholarship has recognized he argues that mark presents jesus s life from beginning to end as the actualization of psalm 2 a coronation hymn describing the davidic king as god s son which was interpreted messianically in early judaism and christologically in early christianity rather than a simple title the designation of jesus as god s son in mark contains and encapsulates an entire story of its own beginning with an analysis of why this most important identity of jesus in the gospel has been under studied neumann retraces the interpretive traditions surrounding psalm 2 in early judaism and christianity alike pointing to mark s first introduction of jesus as god s son into the narrative via an allusion to ps 2 7 and portraying his baptism as a royal anointing he demonstrates how jesus begins to realize the implications of his anointment through his disestablishment of satan s kingdom focusing on the repetition of the allusion to ps 2 7 at jesus s transfiguration and exploring how the parable of the vineyard uniquely encapsulates the gospel as a whole neumann traces the use of the psalm throughout the markan passion narrative contending that in mark s vision the hope envisaged by the psalm has been realized the son begins to inherit the worship of the nations he concludes that mark paradoxically portrays the accomplishment of the messiah s victory through jesus s crucifixion this collection of essays is the second volume in a projected series of five volumes that gather together recent research by leading scholars on the narrative function of embedded jewish scripture texts quotations or allusions in early christian gospels while the contributors employ a diverse range of methods their research is directed towards considering the function of embedded scripture texts in the context of the gospels as self contained narratives written and read heard in their early christian settings the essays are arranged according to their appropriate methodological categories the various contributions intend to demonstrate for what reason miracle stories were told in different religious political and historical circumstances all authors are experts in their field and position the narrating of miracle stories within a specific literary and religio historical context

using a multi level approach to mark 15:34 and contra to the opinion of the majority of markan scholarship a contextual reading of ps 22:2 does not serve to negate or dilute the presentation of jesus as one in distress rather such a reading enhances this aspect of his death by underscoring his identity as a righteous sufferer who experiences suffering but has the promise of vindication the evidence that supports a contextual reading of the citation in the markan narrative includes a the importance of jesus impending resurrection vindication and its foreshadowing b the relatively consistent contextual use of the scriptures in the narrative prior to mark 15:34 c the patterns of the textual and liturgical use of the psalms and the

introduce and validate the mission of his kinsman Jesus as the Messiah. Belica asks why was John the Baptist so used by the gospellers and then dismissed to the limbo of silence together with the Essenes who though a considerable presence in the Palestine of the day are not even mentioned by them. He was intrigued by that question and began to study the references to John gradually conceiving unprovable but provocative theories. His work became known to a mutual friend, the author of a number of valuable books and articles on various aspects of Islamica, Dr. Laheh Bakhtiar, who also became interested in John the Baptist and through her, I was introduced to him. At first, I was rather skeptical but was persuaded to look into the historical injustice done to John. He is much better served in the Quran than he is in the Bible having trusted her instincts over the years in such things in my own literary projects and with her continuous encouragement and suggestions I set to work the result of my own inquiry the monograph Rethinking John the Baptist is appended to the present volume. Meanwhile, Agron Belica continued his own research examining new evidence while elaborating and working out his theories and speculations. The results of this work constitute the main portion of this volume that is dedicated to the rehabilitation of the repute and stature of that much neglected prophet John the Baptist known in the Islamic world as Yahya. I was pleased to be chosen as his editor and annotator for this book.

For over a century, New Testament scholars have explored the issue of possible antisemitism in Luke Acts especially because the author apparently blames the Jews for the death of Jesus. This monograph offers a fresh analysis of this question revealing a different emphasis that among the Jews only those associated with Jerusalem especially the Sanhedrin are responsible for Jesus death. Luke’s Israel is in fact divided in response to Jesus not monolithically opposed to him. Furthermore, the ascription of responsibility to the people of Jerusalem in Acts widely regarded as a Lukan creation in fact is more likely to have been based on sources independent of the Synoptics. A consideration of ancient literature concerned with the deaths of innocent victims further suggests a likely Sitz im Leben for the transmission of material ascribing responsibility for Jesus death.

starting from the seminal work of the french scholar annie jaubert on the date of the last supper the present work revisits known and identifies new calendrical issues in the literature of second temple judaism the research supports the conclusion that all known calendrical traditions functioned on the tenet that orthopraxis in ancient judaism meant close interconnection between cultic and agricultural cycles from this perspective the book removes the calendrical objection leveled at the jaubertian theory further the research brings new light on current debates about qumran calendrical documents and proposes the identification of a previously unknown calendrical polemic in the astronomical book of enoch concerning the synchronization of the 364dy tradition with the lunar cycle

the evangelical church is home to many who claim to follow Christ but who show little evidence of a truly transformed life todd wilson’s real christian bearing the marks of authentic faith biblically defines what it means to be a true Christian calling readers to look at their own lives and diagnose where they aren’t living authentically for God with a prophetic voice wilson looks at how we deceive ourselves into thinking we are really living for God through believing the right things or doing lots of spiritual activities in contrast real Christians are marked by five key qualities broken hearted joy a humble disposition a readiness to acknowledge sin an ability to live balanced and avoid legalism and a deep spiritual hunger that drives growth all of these qualities culminate in the single defining mark of a real Christian love to help in distinguishing genuine faith from counterfeit spirituality wilson draws upon the gospels the writings of paul and the insights of theologian jonathan edwards to help readers understand the necessary marks of an authentic transformed life marks that show evidence of a new heart and bear spiritual fruit through the work of the Holy Spirit

there is broad support today for the idea that biblical scholarship ought to be informed by the faith of the church and serve the life of the church in a word it should be ecclesial there is far less agreement however when one asks how this goal is to be achieved and what ecclesial exegesis ought to
look like in 1988 Joseph Ratzinger put forth his method c proposal calling for the development of a new exegetical and hermeneutical synthesis this would be neither a retreat to the patristic medieval approach method a nor the continued hegemony of the historical critical approach method b the latter must be purified of its positivism through a transformational encounter with the former so that the gifts of both might be released for the life of the church such a synthesis ratzinger claimed would require the philosophical theological exegetical and hermeneutical work of at least a whole generation of scholars Gregory Vall has devoted over thirty years to the development of ecclesial exegesis and the present volume represents the mature fruit of his labor over against those who treat Dei Verbum as Vatican II's endorsement of the historical critical method he demonstrates that the dogmatic constitution actually points to something very much like ratzinger's method c employing a dialogic movement between the inductive exegetical and the deductive dogmatic Vall offers nine studies that bring to the surface issues such as the relationship between old testament and new testament literal sense and spiritual sense and scripture and tradition while Vall brings theological knowledge and hermeneutical skill to the quest for method c he also provides a great deal of valuable exegesis of both testaments ecclesial exegesis is not simply another book of theory it demonstrates how method c can be done

do you struggle to connect the dots between the bible and your life while christians instinctively want to apply scripture we encounter difficulties
that can discourage us and diminish our engagement with god's word indeed biblical application has suffered in various ways in the church
everything from neglect to abuse to contempt responding to such challenges beyond chapter and verse provides a biblically based rationale for the
practice of application and then proposes a biblically consistent method for application the book is substantive but accessible relevant for believers
generally as well as preachers it begins by sketching the broad theological context of bible application relating it to the gospel generally and to
sanctification specifically the heart of the study then synthesizes key old and new testament passages relative to the process of application building on
this foundation the book sets forth a sensible approach for arriving at legitimate applications of scripture a rich assortment of positive and negative
case studies illustrates the method motivating believers to apply the scriptures for themselves

the gospel of mark portrays jesus making impossible demands on his disciples they must follow him even if it costs them their lives and
unsurprisingly this proves to be impossible for them to do they fail drastically in mark's narrative and run from the scene as jesus is arrested peter
had been determined to stay by him unto death but even he was not able to admit to knowing jesus at that crucial moment the strange thing is that
jesus made it clear that it is impossible to enter the kingdom of god without this sort of radical discipleship in this narrative study of salvation in the
gospel of mark this conundrum is studied closely with surprising results an investigation of various socio historical aspects of mark's background
elucidate the connection that mark makes between the death of jesus and the following of the disciples and a study of mark's narrative as a whole
shows that mark provides hope for those without courage to follow if they continue to look and listen carefully the mystery will be unveiled to
them

the zechariah tradition and the gospel of matthew is a comprehensive study of the ways matthew utilizes zechariah texts and traditions against the background of materials from qumran and apocryphal and deuterocanonical writings. matthew s explicit citations of zechariah are examined the influence of zechariah elsewhere in the first gospel is identified and the extent to which matthew alludes to characteristic zechariah themes alone or in combination with other prophetic traditions is explored. zechariah traditions appear in matthew s distinctive materials as well as in texts matthew has transmitted or altered from mark and q the impact of zech 9 14 is not limited to the passion narrative but extends through matthew s infancy and galilean healing narratives as well important concepts from zech 1 8 are also discerned in the infancy and passion narratives. moss works through the canonical order of matthew this enables readers to appreciate the cumulative effect of zechariah s influence at each stage of the gospel story. two appendices one arranged according to zechariah and the other to matthew list possible references to zechariah in matthew. this monograph is useful for matthean studies and it is an insightful investigation of how one set of old testamental traditions are appropriated in one canonical gospel and in the new testament.

james m neumann proposes that there is far more at work in mark s portrayal of jesus as son of god and what it means for mark to depict him as such than past scholarship has recognized. he argues that mark presents jesus s life from beginning to end as the actualization of psalm 2 a coronation hymn describing the davidic king as god s son which was interpreted messianically in early judaism and christologically in early christianity rather than a simple title the designation of jesus as god s son in mark contains and encapsulates an entire story of its own beginning with an analysis of why this most important identity of jesus in the gospel has been under studied neumann retraces the interpretive traditions surrounding psalm 2 in early judaism and christianity alike pointing to mark s first introduction of jesus as god s son into the narrative via an allusion to ps 2 7 and portraying his baptism as a royal anointing he demonstrates how jesus begins to realize the implications of his anointment through his disestablishment of satan s kingdom focusing on the repetition of the allusion to ps 2 7 at jesus s transfiguration and exploring how the parable of the vineyard uniquely encapsulates the gospel as a whole neumann traces the use of the psalm throughout the markan passion narrative contending that in mark s vision the hope envisaged by the psalm has been realized the son begins to inherit the worship of the nations he concludes that mark paradoxically portrays
the accomplishment of the messiah’s victory through Jesus’s crucifixion
